MLSSPRING	Spring loaded option keeps master locking system in the open position until manually engaged.	
INSTMLSSPR	Install MLSSPRING	

Master Locking System - locks all doors on body side with one padlock per side. Padlock not included.
For #2 side configuration or raised front compartment master locking system, consult factory for pricing.

* C-Series Crane Bodies

When installing a MLS on RFC use the standard MLS part # and price but for installation use the standard installation part # and consult factory for pricing.
